AUTHOR'S INDEX—VOLUME 8, ISSUES 1—4

Abdel-Khalik, A. Rashad: "Using Sensitivity Analysis to Evaluate Materiality—An Exploratory Approach." Vol. 8, No. 3.

Ahlund, Mikael; Hiram C. Barksdale; and Jimmy E. Hilliard: "Multivariate Spectral Analysis—An Illustration." Vol. 8, No. 4.

Aucamp, Donald C.: see Eckardt, Walter L.

Averill, Richard F.: see Mills, Ronald E.

Baker, Kenneth R.: "An Experimental Study of the Effectiveness of Rolling Schedules in Production Planning." Vol. 8, No. 1.

Baker, Kenneth R., and William W. Damon: "A Simultaneous Planning Model for Production and Working Capital." Vol. 8, No. 1.

Barksdale, Hiram C.: see Ahlund, Mikael C.

Barron, F. Hutton: "Axiomatic Conjoint Measurement." Vol. 8, No. 3.

Bernardo, John J.: "An Assignment Approach to Choosing R&D Experiments." Vol. 8, No. 2.

Berry, William L.: see Henderson, William B.

Berry, William L.: see Miller, Jeffrey G.

Bierman, Harold, Jr., and L. Joseph Thomas: "Inventory Decisions Under Inflationary Conditions." Vol. 8, No. 1.

Bierwag, G. O.: "Some Implications of NIC Bids on Serial Bond Issues." Vol. 8, No. 1.

Bitran, Gabriel R., and Arnoldo C. Hax: "On the Design of Hierarchical Production Planning Systems." Vol. 8, No. 1.

Brightman, Harvey J.: "An Evaluation of Two Models of Undergraduate Statistics." Vol. 8, No. 1.

Brown, Rex: see Ulvila, Jacob.

Buffa, Elwood S., and James S. Dyer: "Managerial Use of Dynamic Structural Models." Vol. 8, No. 1.

Buffa, Elwood S., and Paul B. Ting: "Empirical Tests of Constrained Nonlinear Optimization Algorithms." Vol. 8, No. 2.

Buffa, Frank P.: "A Model for Allocating Limited Resources When Making Safety-Stock Decisions." Vol. 8, No. 2.

Cho, Dong W.: "A Spectral Measurement of the Cyclical Patterns of Multivariate Time Series." Vol. 8, No. 4.

Chung, An-Min: see Yan, Choiu-Shuang.

Clarke, Darral G., and John McCann: "Cumulative Advertising Effects: The Role of Serial Correlation; A Reply." Vol. 8, No. 1.

Connolly, Terry, and Carol V. Vines: "Some Expectancy-Type Models of Undergraduate College Choice." Vol. 8, No. 1.

Damon, William W.: see Baker, Kenneth R.

Dancer, Robert E., and Clifford F. Gray: "An Empirical Evaluation of Constant and Adaptive Computer Forecasting Models for Inventory Control." Vol. 8, No. 1.

Deckro, Richard F., and Henry W. Woundenberg: "M.B.A. Admission Criteria and Academic Success." Vol. 8, No. 4.

Drevs, Robert A.; Richard M. Durand; and T. H. Mattheiss: "Multiple Discriminant Analysis and Several Small Samples—To Split, Combine, or Treat Separately." Vol. 8, No. 3.
Durand, Richard M.: see Drevs, Robert A.
Dyer, James S.: see Buffa, Elwood S.

Eckardt, Walter L., and Donald C. Aucamp: "A Decision Model for Selecting Alternative Hypotheses: An Extension." Vol. 8, No. 3.

Fetter, Robert B.: see Mills, Ronald E.
Fireworker, Robert B., and Hershey H. Friedman: "The Effects of Endorsements on Product Evaluation." Vol. 8, No. 3.
Friedman, Hershey H.: see Fireworker, Robert B.

Geurts, Michael D.: see Reinmuth, James E.
Gleason, John M., and Claude C. Lilly: "A Goal Programming Model for Insurance Agency Management." Vol. 8, No. 1.
Glover, Fred: "Heuristics for Integer Programming Using Surrogate Constraints." Vol. 8, No. 1.
Gray, Clifford F.: see Dancer, Robert E.
Gupta, S. K., and J. K. Sengupta: "Decision Rules in Production Planning under Chance-Constrained Sales." Vol. 8, No. 3.

Hawkins, Del I.: see Reinmuth, James E.
Hax, Arnoldo C.: see Bitran, Gabriel R.
Henderson, William B., and William L. Berry: "Determining Optimal Shift Schedules for Telephone Traffic Exchange Operators." Vol. 8, No. 1.
Hendrick, Thomas E.: see Monarchi, David E.
Hilliard, Jimmy E.: see Ahlund, Mikael C.
Hise, Richard T., and Ephraim P. Smith: "Using Cognitive Dissonance Theory to Reduce the Back-Out Rate in School of Business Applications." Vol. 8, No. 1.
Homans, Richard E., and William S. Sargent: "Curriculum Design and Evaluation: Incorporating Student Perspectives on Majors and Careers." Vol. 8, No. 2.
Hunt, A. W.: "A Decision-Rule Technique for Predicting Academic Success." Vol. 8, No. 1.

Kopelman, Richard E.: "Across-Individual, Within-Individual and Return on Effort Versions of Expectancy Theory." Vol. 8, No. 4.
Krajewski, Leroy, and Larry P. Ritzman: "Disaggregation in Manufacturing and Service Organizations: Survey of Problems and Research." Vol. 8, No. 1.

Lilly, Claude C.: see Gleason, John M.

Mabert, Vincent A., and Alan R. Raedels: "Detail Scheduling of a Part Time Work Force." Vol. 8, No. 1.
Mabert, Vincent A., and D. Clay Whybark: "Sampling as a Solution Methodology." Vol. 8, No. 1.
Mattheiss, T. H.: see Drevs, Robert A.
McCann, John: see Clarke, Darral G.
Mellichamp, Joseph M., and Charles P. Weaver: "Simulation and Sewage." Vol. 8, No. 3.
Milkovich, George T.: see Valliant, Richard.
Miller, Jeffrey G., and William L. Berry: "The Assignment of Men to Machines: An Application of Branch and Bound." Vol. 8, No. 1.

Mills, Ronald E.; Robert B. Fetter; and Richard F. Averill: "A Computer Language for Mathematical Program Formulation." Vol. 8, No. 2.
Monarchi, David E.; Thomas E. Hendrick; and Donald R. Plane: "Simulation for Fire Department Deployment Policy Analysis." Vol. 8, No. 1.
Monarchi, David E.: see Weber, Jean E.
Moore, Laurence J., and Bernard W. Taylor III: "Experimental Investigation of Priority Scheduling in a Bank Check Processing Operation." Vol. 8, No. 4.
Mullet, Gary M., and Fred F. Williams: "The Birthday Problem—Playing with Overloaded Dice."Vol. 8, No. 4.

Pack, David J.: "Revealing Time Series Interrelationships." Vol. 8, No. 2.
Packard, Karle S.: see Ulvila, Jacob.
Pappas, James L., and Dean W. Wichern: "On the Selection of Critical Values in Sequential Decision Problems." Vol. 8, No. 2.
Pinney, W. E.: "Correcting a Misconception about EOQ." Vol. 8, No. 4.
Plane, Donald R.: see Monarchi, David E.

Raedels, Alan R.: see Mabert, Vincent A.
Reeves, Gary R.: "A Note on Integrating Inventory and Product Sales-Mix Models." Vol. 8, No. 1.
Reinmuth, James E., and Michael D. Geurts: "Using Spectral Analysis for Forecast Model Selection." Vol. 8, No. 1.
Reinmuth, James E., and Del I. Hawkins: "Qualitative Variable Discriminant Analysis and Its Use in Product Version Selection." Vol. 8, No. 2.
Ritzman, Larry P.: see Krajewski, Leroy.
Ryan, Lanny J.: see Taylor, Bernard W., III.

Sargent, William S.: see Homans, Richard E.
Sarin, Rakesh K.: "Experimental Results of an Approach for Evaluating Multiattribute Alternatives." Vol. 8, No. 4.
Schneider, Kenneth C.: "Computer Supported Instruction in Statistics: Long-Range Implications." Vol. 8, No. 1.
Sengupta, J. K.: see Gupta, S. K.
Shih, Wei, and James A. Sullivan: "Dynamic Course Scheduling for College Faculty Via Zero-One Programming." Vol. 8, No. 4.
Simkin, Mark G.: "Mathematical Programming for the State Earmarking Process." Vol. 8, No. 1.
Sims, Henry P., Jr., and David A. Wilkerson: "Time-Lags in Cross-Lag Correlation Studies: A Computer Simulation." Vol. 8, No. 3.
Smith, Ephraim P.: see Hise, Richard T.
Sullivan, James A.: see Shih, Wei.

Taylor, Bernard W., III; K. Roscoe Davis; and Lanny J. Ryan: "Compliance with the Occupational Safety and Health Act: A Mathematical Programming Framework." Vol. 8, No. 4.
Taylor, Bernard W., III: see Moore, Laurence J.
Thomas, L. Joseph: see Bierman, Harold, Jr.
Ting, Paul B.: see Buffa, Elwood S.
Tsang, Herbert H.: "The Effects of Changing Sample Size on the Alpha and Beta Errors: A Pedagogic Note." Vol. 8, No. 4.

Ulvila, Jacob; Rex Brown; and Karle S. Packard: "A Case in 'On-Line' Decision Analysis for Product Planning." Vol. 8, No. 3.

Valliant, Richard, and George T. Milkovich: "Comparison of Semi-Markov and Markov Models in a Personnel Forecasting Application." Vol. 8, No. 2.
Vines, Carol V.: see Connolly, Terry.

Waller, Robert J.: "The Synthesis of Hierarchical Structure: Technique and Applications." Vol. 8, No. 1.
Weaver, Charles P.: see Mellichamp, Joseph M.
Weber, Jean E., and David E. Monarchi: "Graphical Representation of the Effect of Multicollinearity."Vol. 8, No. 3.
Whybark, D. Clay: see Mabert, Vincent A.
Wichern, Dean W.: see Pappas, James L.
Wilkerson, David A.: see Sims, Henry P., Jr.
Williams, Fred F.: see Mullet, Gary M.
Woundenberg, Henry W.: see Deckro, Richard F.

Yan, Choiu-Shuang, and An-Min Chung: "The Impact of Polution Control on Consumer Income—A Methodological Study." Vol. 8, No. 1.
